

YOU'RE INVITED to the first set of PUBLIC MEETINGS for the MnDOT Statewide Bicycle Planning Study

WHAT'S THE MEETING ABOUT?

MnDOT is currently working to improve its bicycle-related planning and implementation policies for projects throughout the State.

Your experiences, insights and ideas can help us identify and recommend improvements to our current policies and practices, and help us to more effectively address the needs of bicycle riders in Minnesota.

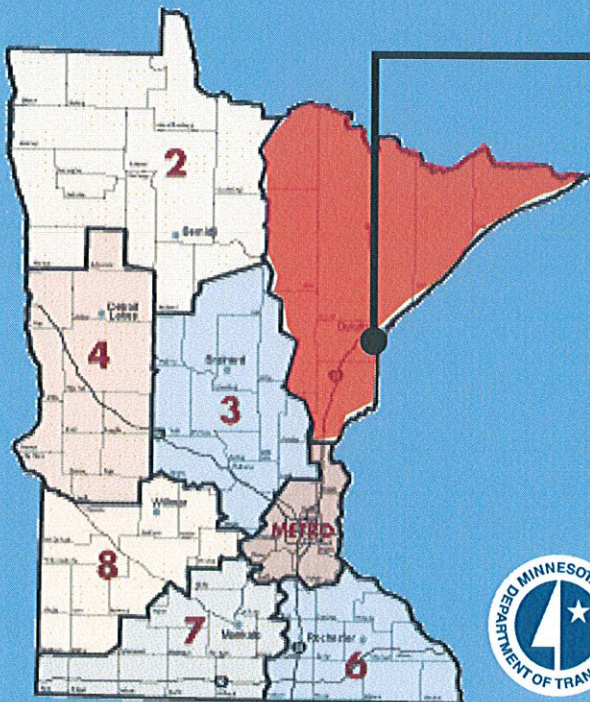

WHAT'S THE BICYCLE PLANNING STUDY?

The results of this study will help us to better integrate bicycle planning in our future policies and projects.

The Study will provide detailed policy recommendations, inventory existing bikeway facilities in the State, create a new Statewide Bikeway Map, and establish bicycle-related performance measures for future MnDOT projects.

District 1 Public Meeting

WHEN: Thursday, March 15th
4:00 pm to 6:00 pm

WHERE: Duluth City Hall
Council Chambers
411 West 1st Street
Duluth, MN 55802

For questions please contact Greta Alquist, Senior Planner at MnDOT's Bicycle and Pedestrian Section, at greta.alquist@state.mn.us or by phone at 651-366-4164

For more about the Statewide Bicycle Planning Study, please visit our website:

www.dot.state.mn.us/bike/study.html

Members of the public may also participate from their personal computers by using Adobe Connect on Thursday, March 22nd. Additional information and instructions will be posted at the project website listed above.

YOUR PARTICIPATION WILL HELP CREATE A MORE BIKE-FRIENDLY MINNESOTA!
